CoverStyl

We've covered every surface.

From everyday to exceptional.

The Signature Collection uses high-performance architectural films to refresh interior spaces without replacing the surfaces already there.

From walls and doors to cabinetry, furniture and more, its wide range of colours, textures and finishes makes it easy to create cohesive, distinctive interiors.

A smarter way to bring new life to existing spaces, with less disruption and more freedom to express your style.

We've gained their trust!

Sustainability
Our commitment

Certified B Corporation

KITCHENS

-75%

CO_2 on kitchen renovation

Renovating a kitchen with Cover Styl represents a saving of 75% of CO_2 vs a full replacement.

FIRE DOORS

-70%

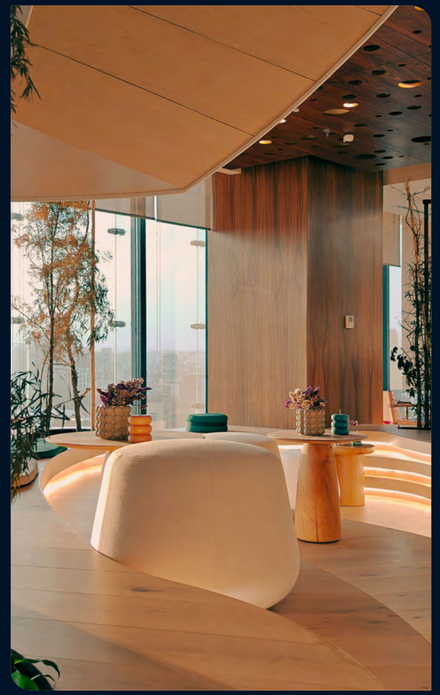

CO_2 on fire door

Renovating a fire door with Cover Styl represents a saving of 70% of CO2 vs a full replacement.

Reimagine, Don't Replace

Every renovation is an opportunity to do more with what already exists. By reimagining existing surfaces instead of replacing them, Cover Styl helps reduce waste, extend material lifecycles and lower the environmental impact of renovation.

Before & After

Hotel bathroom renovation

THE PROJECT

A brighter, more cohesive hotel bathroom.

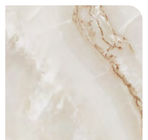

The **NE70** (Stone - Marble) finish was chosen to bring light, softness and a refined stone effect to the bathroom. Its subtle mineral movement creates continuity across the main surfaces, while **NH26** (Color - Silk) adds a warm, understated finish to the vanity. Together, the two references create a brighter and more balanced hotel interior.

APPLICATION

- Countertop, backsplash and shower walls
- Vanity cabinetry

THE TRANSFORMATION

A lighter, more considered retreat

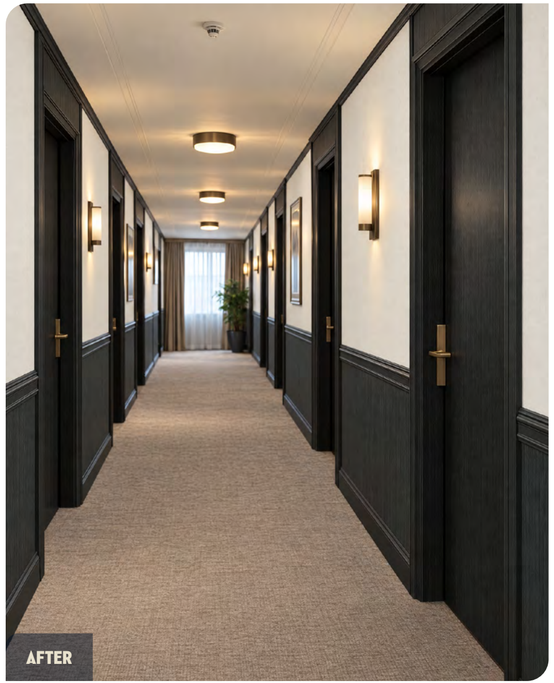

THE TRANSFORMATION

A stronger sense of arrival

THE PROJECT

A bolder, more welcoming hotel corridor

CT58 (Wood - Dark) was chosen to give the corridor a stronger architectural presence, adding depth and a subtle linear rhythm to the doors and lower wall areas. **NK70** (Textile - Natural) balances the darker finish with a soft textile texture, bringing lightness and warmth to the upper walls. Together, the two references create a clear contrast and a more memorable arrival experience.

APPLICATION

- Doors, frames, mouldings, skirting boards and lower wall sections
- Upper wall panels above the horizontal moulding

Kitchen renovation

THE PROJECT

A fresher, more inviting kitchen

RM20 (Color - Essential) was selected to give the cabinetry a distinctive color while keeping the kitchen warm and welcoming. **NG04** (Stone - Marble) introduces a calm marble surface across the worktops and backsplash, adding visual continuity and a refined sense of depth. Together, the finishes refresh the kitchen and give the space a more personal character.

APPLICATION

- Cabinet doors, drawers, island, tall units, side panels and plinths
- Main countertop, island countertop and backsplash
